

NOTICE

The practice of leaving piles of snow on public highways after plowing private driveways or parking lots creates a hazard for the traveling public and our snow removal operations.

Per **Wisconsin State Statutes 86.01**, it is illegal for persons to leave deposits of any materials on the highways. Citations for persistent or repeated violations may be levied.

This is an issue of highway and public safety and the Kewaunee County Highway Department requests your cooperation in curtailing this issue.

Thanks for your help.
